AZURE MOUNTAIN
The fire tower atop Azure Mountain has recently been restored by the Azure Mountain Friends, making this a popular 2 mile round trip hike. Elevation is only 2,518 feet, but this little mountain offers fantastic views of the High Peaks region to the south and east. A volunteer fire tower interpreter is often on duty on weekends to answer questions about the tower and can help identify distant mountains. Great hike for kids, but it is steep and caution should be used on the open cliffs on the summit. Take Route 11B east from Potsdam to Nicholville, then turn south onto Route 458. About four miles past St. Regis Falls, turn right onto Blue Mountain Road. Continue about 7 miles and watch for the small sign and trailhead parking area on the right.

HARPER'S FALLS
Located in Russell, New York. Easy 2 mile round trip, through a forest of hemlocks, leads to a 60 foot waterfall which drops in two narrow cascades.

ADIRONDACK VISITORS INTERPRETIVE CENTER
An hour from Potsdam, the "VIC" in Paul Smith's offers over seven miles of easy hiking trails and wildlife observation areas, as well as informative displays and restrooms. Several trails are handicapped accessible and many are great for cross-country skiing in winter. There is a boardwalk trail through a bog and also an 8.2 mile round trip climb up Jenkins Mountain. Head out of Potsdam on Route 11B, turn south in Nicholville onto Route 458 and stay on it until it ends at Route 30. Turn right on Route 30 and continue south – watch for signs after passing Barnum Pond – pine plantations, wetlands, open meadow, northern hardwoods, and winds around a beaver pond. There are seven interpretative signs along this trail. The Cedar Brook Trail follows the Red Trail Markers and is 3.8 miles long. The trail has several loops that go through pine plantations. It offers steep, hilly terrain, suitable for advanced cross-country skiers. For more trail information and trail maps, contact Higley Flow State Park at 262-2880.
